Agenda

The Governance Forum offers discussion and advice on key developments/changes which have occurred over the past year and those coming changes which will require adjustments to systems and processes.

Drawing on expertise from partners who include Preston Law, Gadens and the Queensland Government as well as the experienced local government officers and the LGMA Governance Advisor, discussion topics will include:

- Implementing Privacy Act amendments;
- Public Interest Disclosure review;
- Office of the Independent Assessor Review update
- Managing the psychosocial hazards at work, *Code of Practice 2022*;
- 2024 Quadrennial election preparedness;
- Implementing sustainable risk management framework/systems.

Delegates will hear from case study councils that have undertaken innovative programmes and will have the opportunity to undertake the governance health check of their councils.

The Forum format is designed to facilitate easy travel and allow for networking during and post-session.

This event is proudly supported by:

Preston
LAW

gadens
